FASB Public Roundtable Meeting on Private-Company Accounting and Reporting Issues, 1:00 p.m. – 4:00 p.m. (the first of two public roundtable meetings)

[\(This meeting is available by audio webcast.\)](#)

The Board will hold a public roundtable meeting to discuss issues relating to existing accounting and reporting standards as they affect private companies. The issues to be discussed are expected to include, but will not be limited to, Consolidation of Variable Interest Entities (Codification Topic 810, originally issued as FIN 46(R) and Accounting for Uncertainty in Income Taxes (Codification Topic 740, originally issued as FIN 48). The Board's purpose in holding this meeting is to engage in a constructive dialogue about private-company financial reporting issues with a wide variety of stakeholders, including private companies, auditors, and users of private-company financial statements.

This is the first of two public roundtable meetings. The second roundtable will be held on Tuesday, November 2, 2010, in Dallas, Texas (the specific location will be announced later) from 9:00 a.m. – noon, Central Time.

If you are interested in participating in one of the roundtables, please provide contact information to director@fasb.org and indicate your location preference.

Anyone wishing to observe the Norwalk meeting must preregister. Preregistration is on a first-come basis. Because seating is limited, no more than three observers from the same organization may attend. Observers may not participate in the discussion.
