The Board will hold a second public roundtable meeting to discuss issues relating to existing accounting and reporting standards as they affect private companies. The issues to be discussed are expected to include, but will not be limited to, Consolidation of Variable Interest Entities (Codification Topic 810, originally issued as FIN 46(R)) and Accounting for Uncertainty in Income Taxes (Codification Topic 740, originally issued as FIN 48). The Board's purpose in holding this meeting is to engage in a constructive dialogue about private-company financial reporting issues with a wide variety of stakeholders, including private companies, auditors, and users of private-company financial statements.

Anyone wishing to observe the meeting must preregister. Preregistration is on a first-come basis. Because seating is limited, no more than three observers from the same organization may attend. Observers may not participate in the discussion. [Meeting Preregistration](#).
