**Public Roundtable Meetings on the FASB's Exposure Draft on Investment Companies, the IASB's Exposure Draft on Investment Entities, and the FASB's Exposure Draft on Investment Property Entities (see times below)**

The FASB and IASB will hold four joint public roundtable meetings to discuss the October 2011 proposed Accounting Standards Update, *Financial Services—Investment Companies (Topic 946): Amendments to the Scope, Measurement, and Disclosure Requirements*. The Boards' purpose in holding the meetings is to engage in a constructive dialogue about the proposal with a wide variety of stakeholders. To ensure the Boards receive broad-based input, meeting participants will represent a wide variety of perspectives, including those of preparers, auditors, investors, and other users of financial statements.

Registration information for interested participants and observers is available on the [investment companies](#) project page.

At the morning session of the U.S. public roundtable meetings, the Boards also will discuss the October 2011 proposed Accounting Standards Update, *Real Estate—Investment Property Entities (Topic 973)*.
