The FASB will host two public roundtable meetings on its September 2016 proposed Accounting Standards Update, [Derivatives and Hedging \(Topic 815\): Targeted Improvements to Accounting for Hedging Activities](#).

The purpose of the roundtables is to provide an opportunity for those who have submitted a comment letter on the proposed Update to discuss their feedback with the FASB. The Board is seeking participation from financial statement users, preparers, auditors, and others across all industries. In order to participate, a comment letter must be submitted by Friday, November 4, 2016.

Those interested in participating in one of the roundtables should [register online](#) by Friday, November 4, 2016. Depending on stakeholder feedback, the Board will be considering whether one of the roundtables should focus more on nonfinancial risks.

Nonparticipating observers also should [register in advance](#) by Friday, November 18, 2016. (Seating is available on a first-come, first-served basis.)

Unless otherwise announced, all meetings are held in the Board room at the FASB offices and are video or audio webcast on the FASB website. Because meetings may change, please check the website for the most up to date information before finalizing plans.
